~~~~~	~~~~~	~~~~~	~~~~~	~~~~~

Most recent log entries.  
Probably last three,  
definitely not scrollable.  
This should just be for  
some contextualization  
and to indicate that a save  
was successful.

## Work Journal - Reports

☒ Today☐ Yesterday☐ Last Two Weeks☐ Custom☐ Text☐ CSV☐ Markdown**Export**

Configure the range of time to export as a report. The most common usages are expected to be "What have I done today", "What did I do yesterday", "What did I do this sprint", and "What did I do this year."

This might be different in practice, but I believe I should be able to easily export to these three formats without a lot of issue. I'd love to be able to do PDF and Excel directly, but...

This will be spawned as a new window, which when closed will return control back to the main window.
